

BASELINE

American Society of Highway Engineers Region 6– Southern New Jersey Section

President's Message—James Maloney

For the first time in recent years, SNJ ASHE held a November dinner meeting and it turned out to be a great success. Adding a twist to our normal presentation format, our November meeting was focused on safety – specifically, on how crash data factors in to the programming and funding of capital projects. The presentation was held to rave reviews at a new location – Maggiano's in Cherry Hill – with over 90 people in attendance. It was a truly educational presentation which gave many of us insight into a part of our projects rarely seen. Our sincerest thanks to our presenters, Patricia Ott and Bill Beans of NJDOT. Their efforts and enthusiasm are truly making New Jersey roads safer, and spending our tax dollars more efficiently. Also, thanks to our meeting co-host

SNJ Event This Month

Thursday, December 10th, 2009

Dinner Meeting

- 5:30 PM Cocktails
- 6:30 PM Dinner
- 7:30 PM Presentation

MASITE and meeting sponsor, Atlas Flasher Corp.

After eating plentiful amounts of food at Maggiano's, followed quickly by Thanksgiving feasts, we are already for another event. This time, we are going to be joined by Bill Brooks, Chief Engineer for the Delaware River Port Authority who will be speaking about the numerous projects planned by DRPA in the South Jersey region. As many of you know, DRPA has an aggressive, multi-modal capital program that will add significant investments to our region. We look forward to Bill's presentation, along with our co-hosts, South Jersey ASCE at Carlucci's on Thursday December 10th. We hope to see you there.

On behalf of the SNJ ASHE Board of Directors, I wish each of you a happy, prosperous and healthy holiday season and New Year and look forward to seeing you in 2010.

Respectfully,

Jim Maloney
ASHE SNJ President
